US Product Listing

Serology Diagnostic Products

Focus Diagnostics recognizes your testing needs because we identify and evaluate trends in diagnostic testing.

The products listed in this brochure were built in response to these trends, allowing us to provide your laboratory with the same assays that we use.

We are committed to providing our partners with flexible solutions, reliability, and quality you know and trust.

That is Focus Diagnostics' standard of excellence.

HerpeSelect®

Catalog No.	Product Description	Quantity
IB0900G	HerpeSelect® 1 and 2 Immunoblot IgG For the qualitative detection and differentiation of type-specific IgG antibodies to HSV-1 and HSV-2 in human serum.	24
EL0910G	HerpeSelect® 1 ELISA IgG Herpes Simplex Virus-1 (HSV-1) ELISA IgG The assay utilizes purified recombinant HSV-1 glycoprotein-G antigen (gG1) for the qualitative detection of type-specific IgG antibodies to HSV-1 in human serum.	96
EL0920G	HerpeSelect® 2 ELISA IgG Herpes Simplex Virus-2 (HSV-2) ELISA IgG The assay utilizes purified recombinant HSV-2 glycoprotein-G antigen (gG2) for the qualitative detection of type-specific IgG antibodies to HSV-2 in human serum.	96
EL0910G-5	HerpeSelect® 1 ELISA IgG	480
EL0920G-5	HerpeSelect® 2 ELISA IgG	480

DxSelect™ ELISA Kits

Catalog No.	Product Description	Quantity
EL1700	Histoplasma DxSelect™ The assay utilizes inactivated purified histoplasma antigen for the qualitative detection of antibodies (IgG, IgM, and IgA) to <i>Histoplasma capsulatum</i> var. <i>capsulatum</i> in human serum.	96
EL0300G	West Nile Virus IgG DxSelect™ For the qualitative detection of IgG antibodies to West Nile virus in human serum.	96
EL0300M	West Nile Virus IgM Capture DxSelect™ For the qualitative detection of IgM antibodies to West Nile virus in human serum.	96
EL0300G-5	West Nile Virus IgG DxSelect™	480
EL0300M-5	West Nile Virus IgM Capture DxSelect™	480

Substrate Slides*

Catalog No.	Product Description	Quantity
IF0301	Arbovirus IFA Substrate Slide	8
IF0501	EBNA ACIF Substrate Slide	12
IF0751	EBV Early Antigen IFA Substrate Slide and Sample Diluent (Sample diluent bottle comes with each purchase of 10 slides.)	12
IF0601	EBV VCA IFA IgG Substrate Slide	12
RIF0602	EBV VCA IgM Recombinant IFA (RIFA®) Substrate Slide	12
IF0951	Legionella (<i>L. pneumophila</i> serogroups 1 and 2, 3, 4, 5, 6, 8) IFA Substrate Slide	12
IF0201	Q Fever (Phase 1 and 2) IFA Substrate Slide	8
IF0101	Rickettsia (<i>R. typhi</i> and <i>R. rickettsii</i>) IFA Substrate Slide	8

*Packaged in multiples of 10 slides (minimum purchase 1 package of 10).

IFA and IHA Kits

Catalog No.	Product Description	Quantity
IF0300G	Arbovirus IFA IgG For the detection and semi-quantitation of IgG antibodies to St. Louis encephalitis (SLE), western equine encephalitis (WEE), eastern equine encephalitis (EEE), and California encephalitis / La Crosse (CE) group viruses in human serum. Slide wells have fixed individual spots of SLE, WEE, EEE, and CE in each well.	80
IF0300M	Arbovirus IFA IgM For the detection and semi-quantitation of IgM antibodies to St. Louis encephalitis (SLE), western equine encephalitis (WEE), eastern equine encephalitis (EEE), and California encephalitis / La Crosse (CE) group viruses in human serum. Slide wells have fixed individual spots of SLE, WEE, EEE, and CE in each well.	80
IF0500	Epstein-Barr Nuclear Antigen (EBNA) ACIF (Anti-Complement Immunofluorescence) For the detection and semi quantitation of antibodies to Epstein-Barr virus nuclear antigen in human serum.	120
IF0700	Epstein-Barr Virus Early Antigen IFA For the detection and semi-quantitation of human IgG antibodies to Epstein-Barr virus early antigens, both restricted (R) and diffuse (D), in human serum.	120
IF0600G	Epstein-Barr Virus VCA IFA IgG For the detection and semi-quantitation of IgG antibodies to Epstein-Barr viral capsid antigen (VCA) in human serum.	120
RIF0600M	Epstein-Barr Virus (EBV) VCA IgM Recombinant IFA (RIFA®) For the detection and semi quantitation of IgM antibodies to Epstein-Barr viral capsid antigen (VCA) in human serum.	120
IF0950	Legionella IFA For the detection and semi-quantitation of antibodies to <i>Legionella pneumophila</i> serogroup 1 and serogroups 2, 3, 4, 5, 6, 8 in human serum. Slide wells have individual spots of <i>L. pneumophila</i> serogroup 1 and a pool of <i>L. pneumophila</i> serogroups 2, 3, 4, 5, 6, 8.	120
IH0100	Leptospirosis IHA For the detection and semi-quantitation of IgG antibodies to the genus <i>Leptospira</i> in human serum.	120
IF0200G	Q Fever IFA IgG For the detection and semi-quantitation of IgG antibodies to <i>Coxiella burnetii</i> , the etiologic agent of Q fever in human serum. Slide wells have individual spots of <i>C. burnetii</i> phase I and <i>C. burnetii</i> phase II in each well.	80
IF0200M	Q Fever IFA IgM For the detection and semi-quantitation of IgM antibodies to <i>Coxiella burnetii</i> , the etiologic agent of Q fever in human serum. Slide wells have individual spots of <i>C. burnetii</i> phase I and <i>C. burnetii</i> phase II in each well.	80
IF0100G	Rickettsia IFA IgG For the detection and semi-quantitation of IgG antibodies to <i>R. rickettsii</i> , the etiologic agent of Rocky Mountain spotted fever, and to <i>R. typhi</i> , the etiologic agent of murine typhus, in human serum. Slide wells have individual spots of <i>R. typhi</i> and <i>R. rickettsii</i> in each well.	80
IF0100M	Rickettsia IFA IgM For the detection and semi-quantitation of IgM antibodies to <i>R. rickettsii</i> , the etiologic agent of Rocky Mountain spotted fever, and to <i>R. typhi</i> , the etiologic agent of murine typhus, in human serum. Slide wells have individual spots of <i>R. typhi</i> and <i>R. rickettsii</i> in each well.	80

Conjugates

Catalog No.	Product Description	Volume
IF0003	EBNA ACIF Conjugate	2.0 mL
IF0001	FITC IgG Conjugate	2.5 mL
IF0001-3	FITC IgG Conjugate	3.3 mL
IF0002	FITC IgM Conjugate	2.5 mL
IF0002-3	FITC IgM Conjugate	3.3 mL
RIF0610	FITC IgM Conjugate (For use with RIF0602 RIFA slide)	2.5 mL
IF0010	IFA Polyvalent Conjugate	3.5 mL
IF0011*	IgG Conjugate Dual-Species (Blend of anti-human IgG FITC and anti-mouse IgG FITC)	3.5 mL
IF0012*	IgM Conjugate Dual-Species (Blend of anti-human IgM FITC and anti-mouse IgG FITC)	3.5 mL
IF1209*	IgA Conjugate Dual-Species (Blend of anti-human IgA FITC and anti-mouse IgG FITC)	3.5 mL

*For use with Arbovirus Positive Control and other tests using mouse serum as a control.

IFA Polyvalent Conjugate Controls

Catalog No.	Product Description	Volume
IF0310	Arbovirus Polyvalent Positive Control (Mouse Serum)	0.25 mL
IF0311	Arbovirus SLE IgG Positive Control	0.25 mL
IF0314	Arbovirus Negative Control	0.25 mL
IF0710	EBV Early Antigen IgG Positive Control	0.30 mL
IF0510	EBV EBNA ACIF Positive Control	0.30 mL
IF0610	EBV VCA IgG Positive Control	0.30 mL
IF0620	EBV VCA IgM Positive Control	0.30 mL
IF0811	EBV Negative Control	0.25 mL
IF0914	Legionella Detectable Control	0.30 mL
IF0913	Legionella Non-Detectable Control	0.25 mL
IF0211	Q Fever IgG Positive Control	0.25 mL
IF0212	Q Fever IgM Positive Control	0.25 mL
IF0213	Q Fever Negative Control	0.25 mL
IF0112	Rickettsia Spotted Fever Group IgG Positive Control	0.25 mL
IF0114	Rickettsia Spotted Fever Group IgM Positive Control	0.25 mL
IF0111	Rickettsia Typhus Fever Group IgG Positive Control	0.25 mL
IF0113	Rickettsia Typhus Fever Group IgM Positive Control	0.25 mL
IF0115	Rickettsia Negative Control	0.25 mL

Sample Diluents

Catalog No.	Product Description	Volume
IF0006-5	3% Yolk Sac Diluent	5 mL
IF0006	3% Yolk Sac Diluent	25 mL
IF1316-A	IgG Sample Diluent (10X)	6 mL
IF0750	EBV Early Antigen Sample Diluent	50 mL
IF0208	IgG Sample Diluent (5X) (For use with the Q Fever IFA slides)	5 mL
IF0209	IgM Pretreatment Diluent (For use with the Rickettsia and Q Fever IFA slides)	5 mL
IF0609	IgM Pretreatment Diluent	12 mL

Ordering Information

Customer Service/Placing Orders

To place an order, contact
Diagnostics Customer Service at:

Toll Free: 800.838.4548, Option 1

Fax: 562.240.6510

E-mail: DxCS@focusdx.com

Mail Address:

Focus Diagnostics, Inc.
Customer Service
11331 Valley View Street
Cypress, California 90630 USA

When ordering, please specify:

- Company Name
- Your Focus Account Number
- Purchase Order Number
- Ship To and Bill To Address
- Product Catalog Number and Description
- Quantity and Price
- Special Shipping Conditions, if any

Technical Service/Product Information

For technical questions and product information, please visit our website or contact our Technical Service Department at:

Phone: 800.838.4548, Option 3

Fax: 562.240.6510

E-mail: DxTS@focusdx.com

Terms and Conditions

Financial Policies

Based on approved credit, payment in full is due 30 days from shipping date in U.S. dollars. A service charge of 1.5% per month (18% per annum) from date of invoice will be charged after 30 days.

Credit limits and terms may be changed by Focus Diagnostics due to failure to make payments in a timely manner. Changes may include requiring payment in full prior to future shipments. In the event that Focus Diagnostics is required to take legal or other collection action on a customer's account, the customer will be required to assume responsibility for all expenses incurred in connection with the collection action, including attorney fees, court costs, and collection service costs.

Shipments

Shipments are made using best routing as determined by Focus Diagnostics unless otherwise specified by Customer. Items are shipped Monday through Friday, unless otherwise requested.

Packaging and Freight

U.S. shipments are F.O.B. Cypress, California. Freight charges are prepaid and added to the invoice along with a minimum packing and handling charge.

Returned Goods

Products purchased directly from Focus Diagnostics which are defective and/or do not meet manufacturer's specifications are subject to replacement when notified by the Customer within 30 days of shipment. Return of merchandise and product replacement must be approved in advance by Diagnostics Technical Services. Claims for merchandise damaged during shipment should be filed against the carrier by the customer within seven (7) days of receipt of goods.

Warranty

Products will have a minimum of 90 days shelf life at time of shipment to domestic Customers and a minimum of 180 days shelf life to international distributors unless Customer is notified in advance by Customer Service and accepts products with less dating than stated here. Products are warranted for the shelf life of the product against original defects in material and/or workmanship, provided, however, that the product has been used strictly in accordance with the product labeling. Focus Diagnostics disclaims all other warranties, expressed or implied, including without limitation any warranties of merchantability, or fitness for a particular purpose, and in no event shall Focus Diagnostics be liable for consequential damages. Replacement of the product or refund of the purchase price is the sole remedy for the purchaser.
